After a productive morning of sessions, we dove deep into topics like enhancing livestock management, beef export market trends, and ranching resilience with water programs.

The afternoon was packed with sessions on everything from water wisdom to prescribed burns for healthy grasslands, all aimed at advancing sustainability and innovation in the beef industry. The highlight of the day was the Cargill Banquet & Inaugural Ring of Honour Awards. Congratulations to this year's winners, Dr. John McKinnon, Jack Hextall and Ryder Lee, thank you for your outstanding contributions!
